## STATEMENT OF PERFORMANCE N°2

In the context of the application of Regulation N°305/2011 on construction products, including the provisions to be taken for the CE marking of certain elements of wooden structures:

I underwrite, Jean-François Lorin,  
Manager of the sawmill JF Lorin Exploitation,

Declares that the production of spruce-fir structure (WPCA) of rectangular section classified for strength is in accordance with the provisions of the factory production control of the norm EN 14081-1: 2005 + A1: 2016 for structural use for Buildings and bridges.

Essential characteristics	Performance	Harmonized Technical Specifications
<i>Mechanical resistance</i>	<i>C24-STII</i>	<i>EN 1912:2012 +EN 338:2009</i>

The notified organization QUALISUD, 1017 route de PAU, 40800 AIR SUR L'ADOUR, identified 1973, established the conformity certificate of the factory production control system referenced 1973-CPR-149 and incorporated as an annex to this declaration.

Done at Frasne, on the 14/03/2023  
Lorin Jean-François
